We need to
act quickly

We're
actually
on a collision

the worst part is that
our ship isn't
powerful enough
at the moment.

BAD

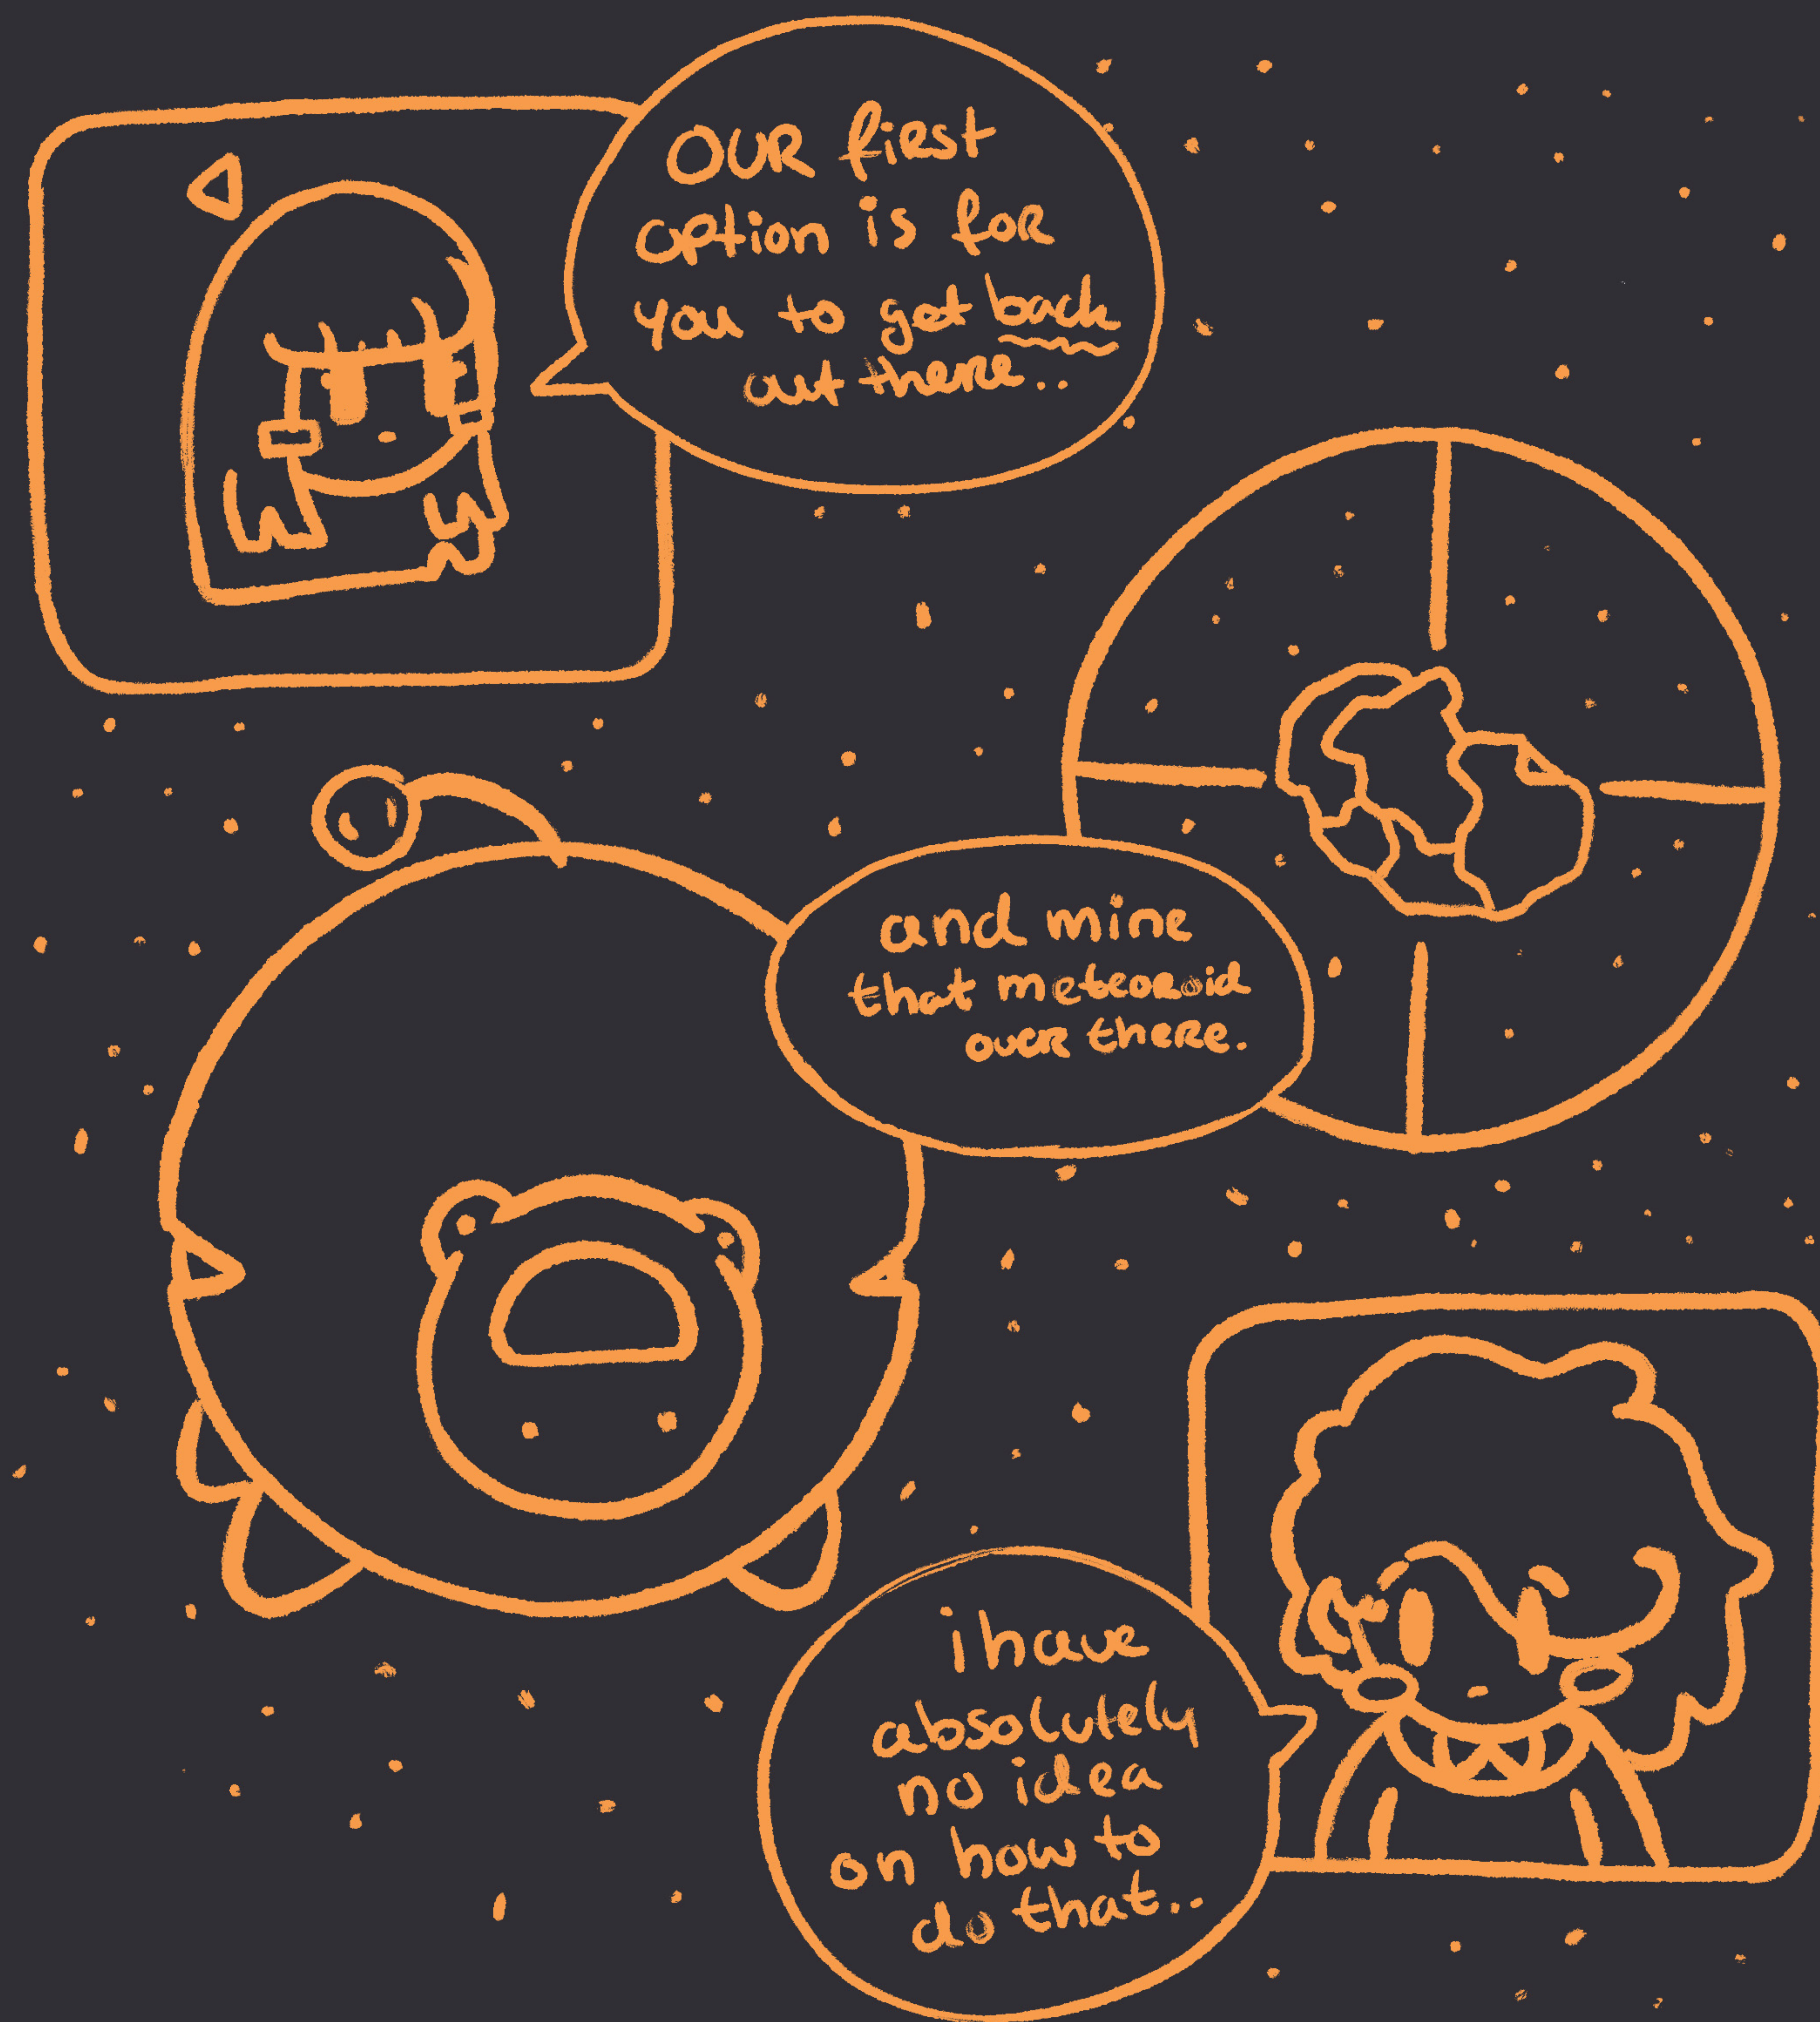

us

20% PWR

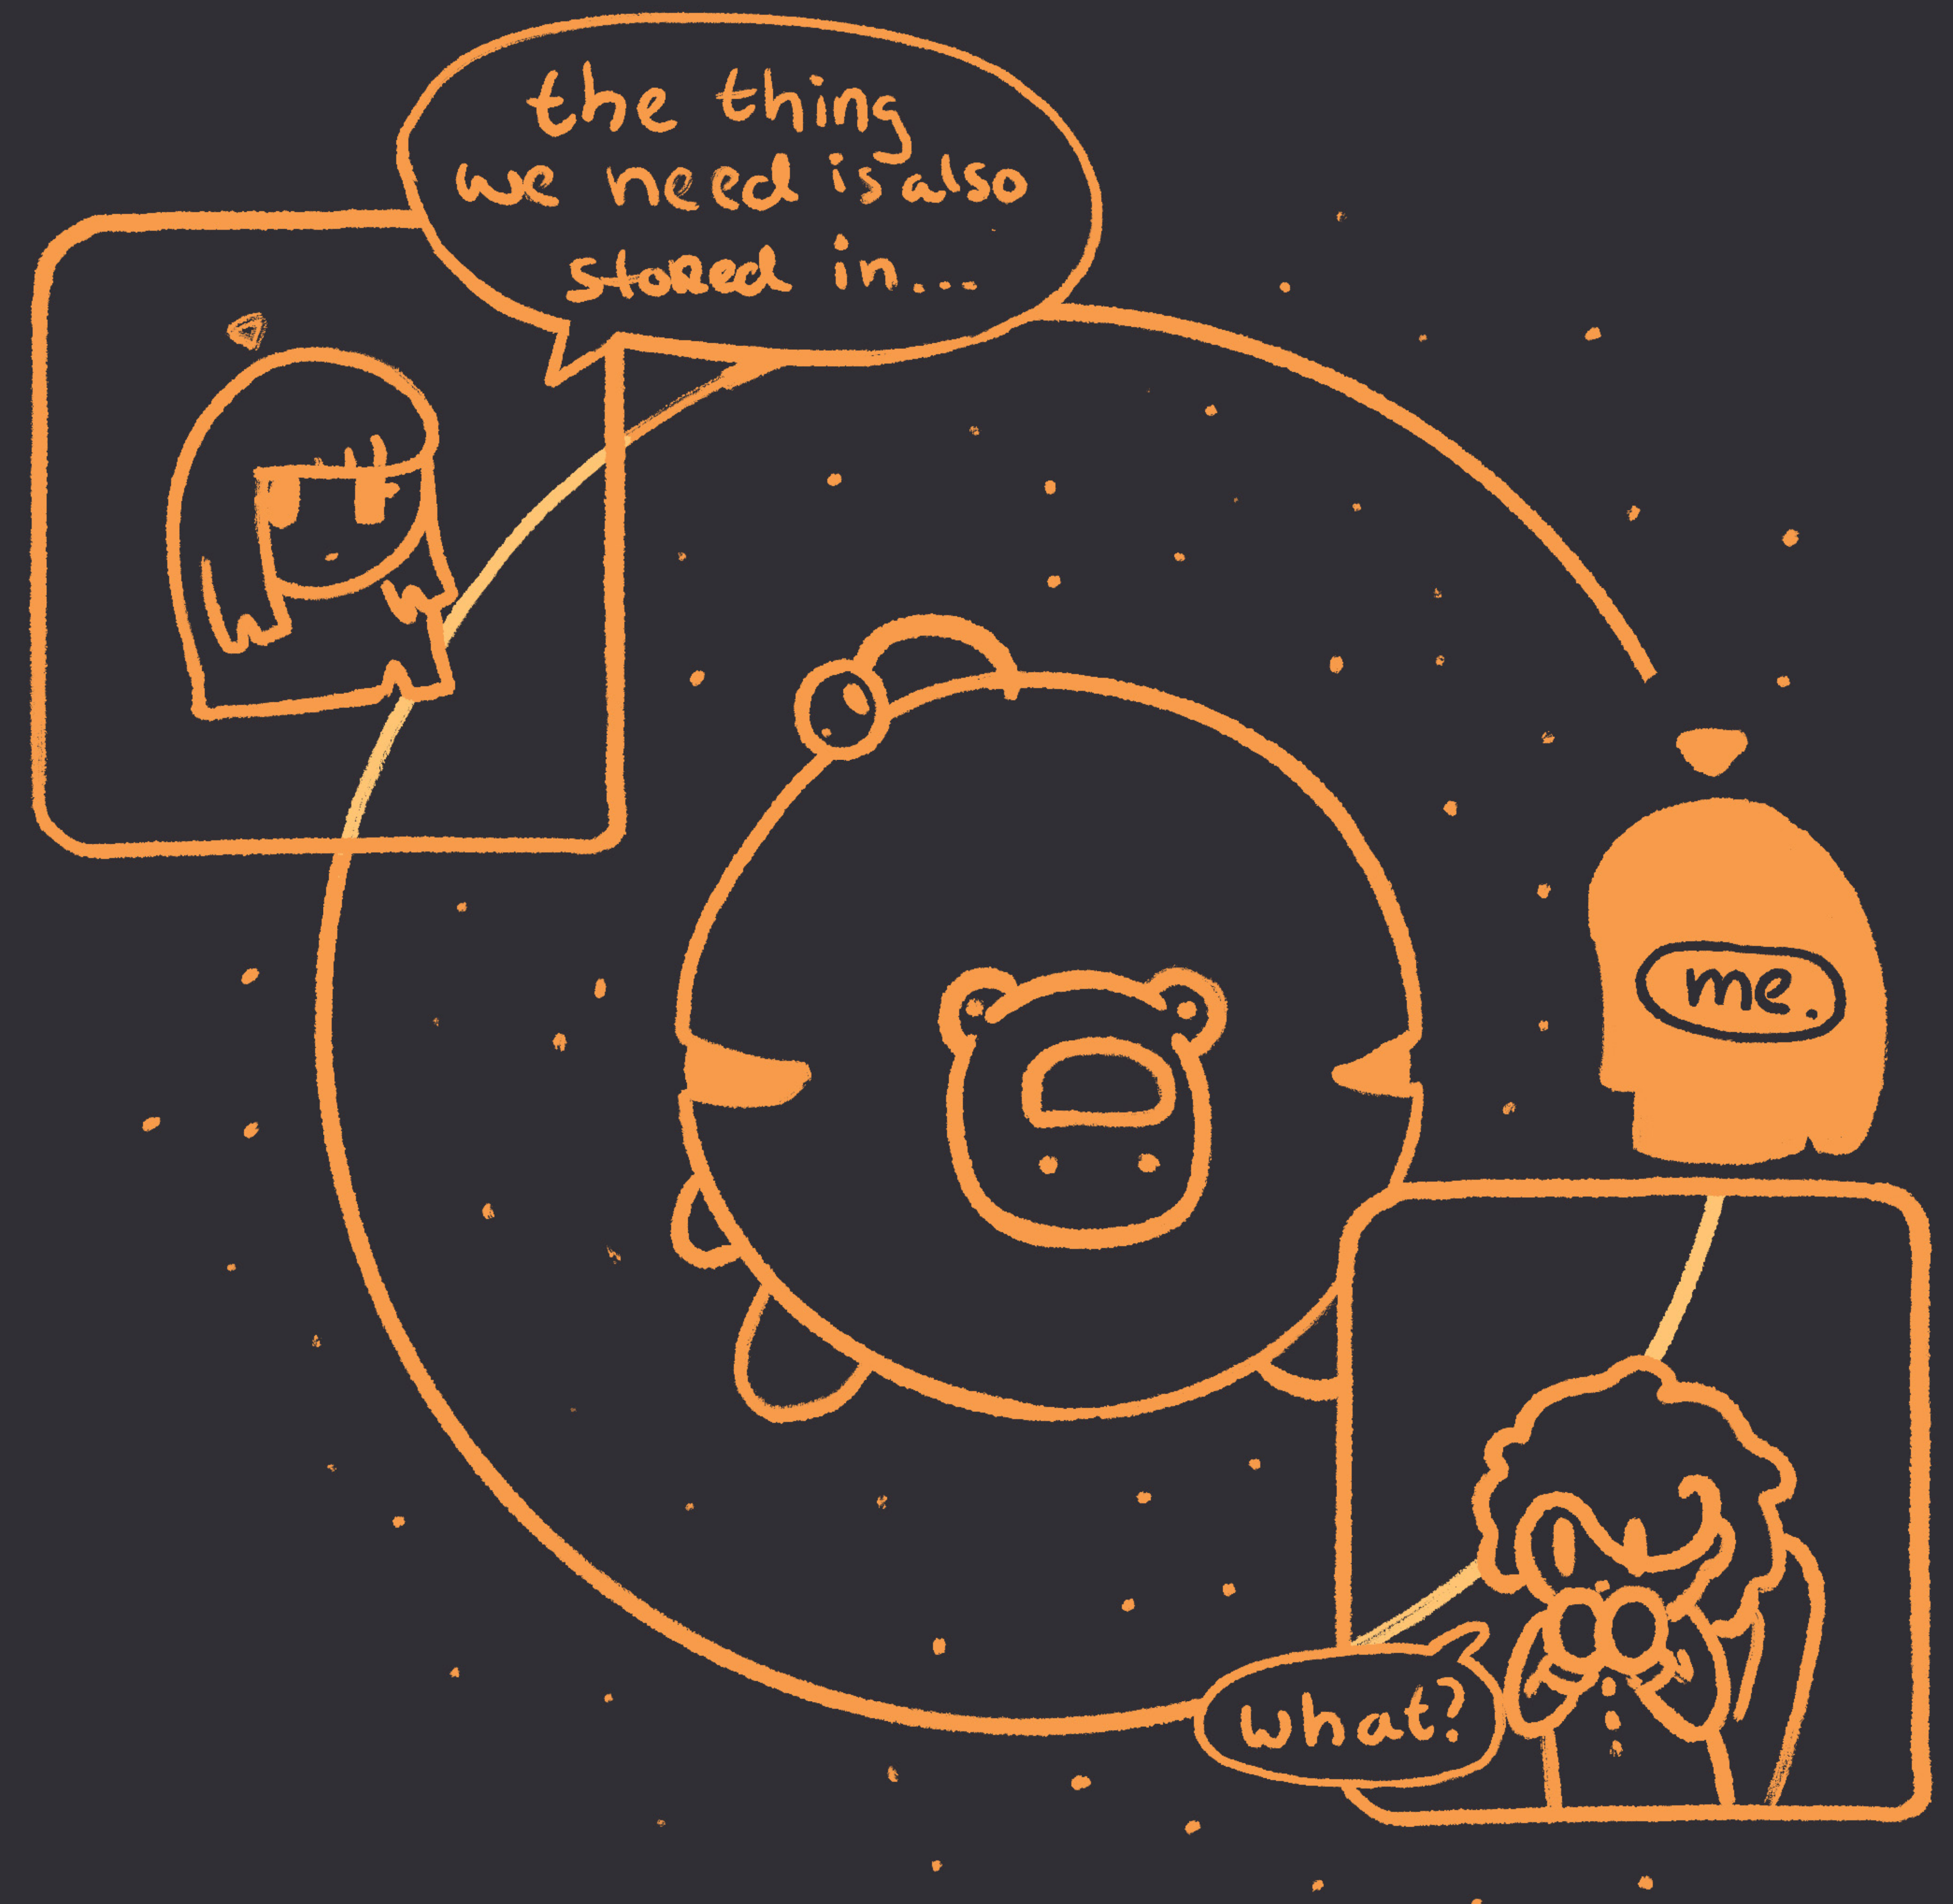

not
GOOD

We need
to do
something.

i can sacrifice myself.

but i'll be lost without you..

i'm not an astronaut..

Listen, i don't even know i

ughhmm...

i was outside. i was going home, i-

you'll be fine.

you've been around for longer than today.

i guess, but..

i never wanted to be an astronaut i'm not smart enough! i'm not good enough!

god it's so warm, i-

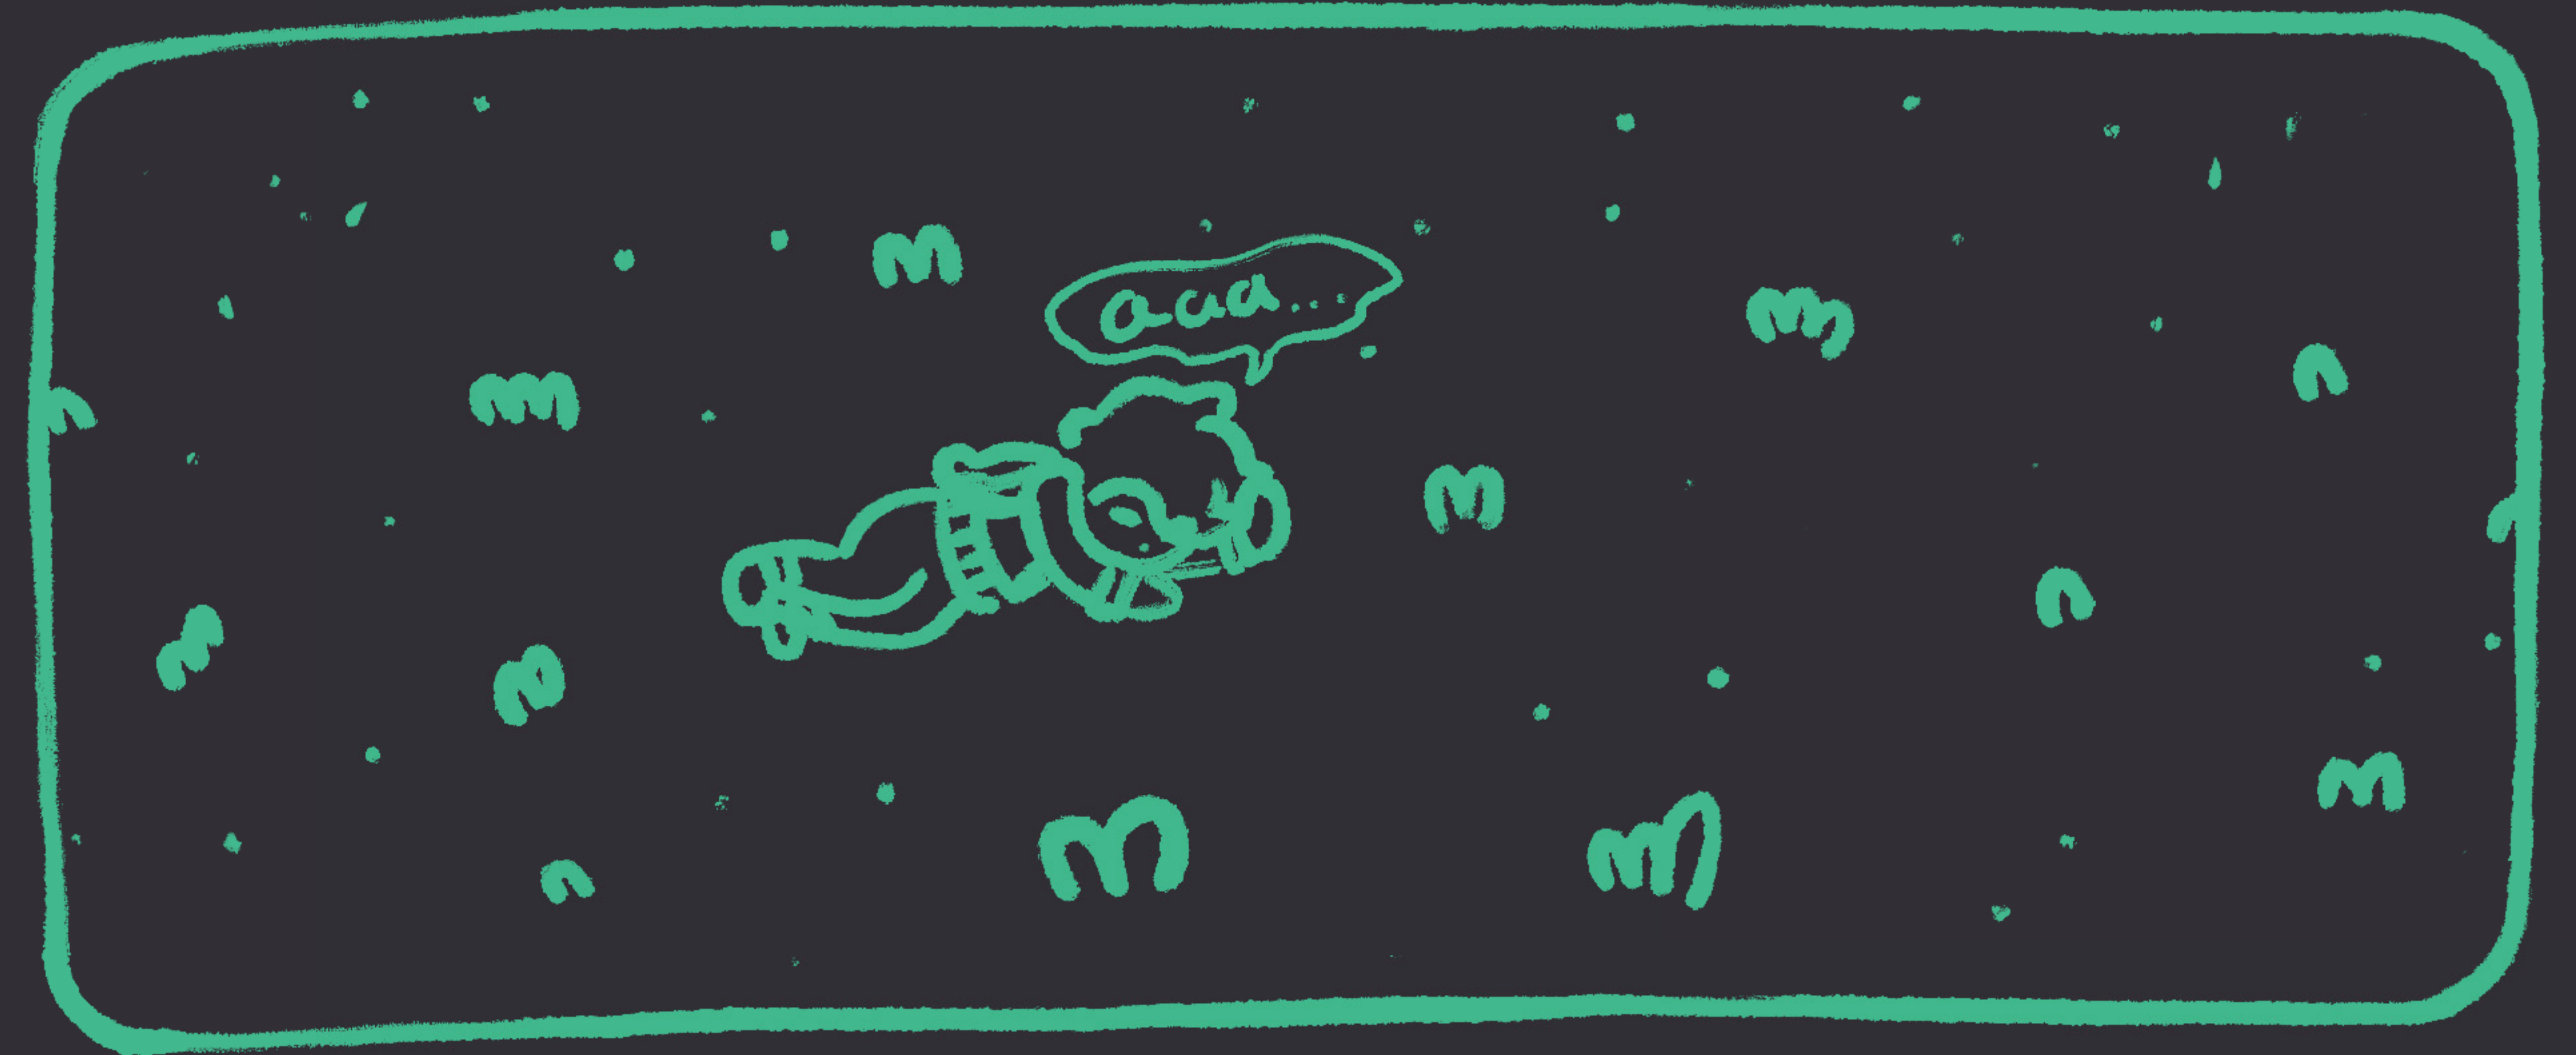

i'm sorry, you deserve better but i never wanted any of this!!

i just wanna go home
